STATEMENT OF OBJECTS AND REASONS

The marine products industry has been included in the Export Policy Resolution as one of the few industries having immense export potential if proper incentive and care be given to the industry. Though, in recent years, India has come up from a low position in the world shrimp market to occupy the second place in the list of exporting nations, yet it has touched only a fringe of the vast potentialities available for export in the country. Besides effecting an increase in the volume and value of exports of shrimps and lobsters, which at present constitute ninety per cent. of our exports, there is considerable scope for exporting other varieties of marine products like tuna, sardines, pomfret, Bombay duck, bream, crabs, eels, etc.

2. The marine products industry is at present not subject to any discipline or regulation. This has resulted in an uneven and unhealthy development of the fish processing sectors thus affecting adversely its economic operation and better realisation of the unit value of export products. Such an unregulated growth has also led to problems connected with inadequate facilities on shore relating to fresh water, power and timely internal transport and shipping arrangements.

3. The problems faced by the marine products industry in the country call for the establishment of a central agency for regulating, organising and developing that industry on economic lines. Such agency should also be vested with adequate authority and necessary organisation directly involved in the co-ordinated development of the industry in relation to raw material, supply, processing, storage, transport and export marketing. A detailed study recently undertaken by the Institute of Foreign Trade has indicated the necessity for the setting up of such a central agency. After careful consideration, Government of India has come to the conclusion that a statutory Authority to be known as the Marine Products Export Development Authority should be set up under the control of the Union. The Authority is proposed to be constituted, among others, with representatives of Governments of States having a coast, dealers of marine products and owners of fishing vessels and processing plants. It is proposed to vest the Authority with adequate powers to undertake suitable measures for the development of the marine products industry, such as promoting exports, undertaking marketing activities with a view to increasing the export potential of marine products, registering fishing vessels, processing plants, etc., giving financial and other assistance and carrying out allied objects. The Bill contains a declaration that it is expedient in the public interest that the Union should take under its control the marine products industry and seeks to take powers for the setting up of a statutory Authority for the marine products industry, mainly with a view to enable it to undertake the activities mentioned above. Power has also been taken for the Central Government to prohibit or control the imports and exports of marine products.

The 29th February, 1972.

PRESIDENTS RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 5/60/71-EP (Agri. II), dated the 7th March, 1972 from Shri Lalit Narayan Mishra, Minister of Foreign Trade to the Secretary, Lok Sabha.]

The President having been informed of the subject matter of the Marine Products Export Development Authority Bill, 1972, recommends under articles 117(1) and 117(3) of the Constitution of India, the introduction of the Bill and consideration thereof in the Lok Sabha.

FINANCIAL MEMORANDUM

The Marine Products Export Development Authority Bill, 1972, provides for the control by the Union if the marine products industry and for that purpose to establish a Marine Products Export Development Authority [clause 4(1)] and levy a cess at a rate not exceeding three per cent *ad valorem* on all marine products exported.

2. Under clause 4(3), read with clause 6 of the Bill, the Authority will have a Chairman, who will have to be paid such salary and allowances as may be fixed by the Central Government. Under clause 7(1) and (2), a Director of Marine Products Export Development and a Secretary to the Authority have to be appointed for exercising such powers and performing such duties under the Chairman as may be prescribed. Under clause 7(3), the Director and Secretary will have to be paid such salary and allowances as may be fixed by the Central Government Under clause 7(4), the Authority may appoint such officers and employees as may be necessary for the efficient performance of its functions and pay them such salaries and allowances at it may determine from time to time. Provision has been made for the making of rules in regard to the payment of remuneration to any person or persons appointed to perform the functions of the Authority during the period of its dissolution [clause 10(2)(b)].

3. It is not possible at the present stage to indicate precisely what expenditure will be incurred on the proposed Marine Products Export Development Authority. However, it is estimated that a non-recurring expenditure of about Rs. 2 lakhs is likely to be incurred initially on the establishment of the said Authority. A recurring expenditure not exceeding Rs. 12 lakhs per annum is also likely to be incurred.

4. Clause 16 of the Bill provides for grants and loans to be paid to the Authority by the Central Government. The amount of such payments will depend on the actual proceeds of the cess on the marine products and the amounts required by the Authority to meet its expenses, taking into account the scope of its activities. It is therefore, not possible to determine the exact amount of expenditure that is likely to be incurred in this behalf. The amount of the grant to be given by the Government is, however, expected to be within the realisations from the cess. No such expenditure will, in any case, be incurred without due appropriation made by Parliament by law in this behalf.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 33 of the Bill gives power to the Central Government to make rules to carry out the purposes of the Bill. The maters in respect of which rules may be made relate, among others, to the term of office and other conditions of service of the members of the Authority, the procedure to be followed at meetings of the Authority, the preparation of budget estimates of receipts and expenditure of the Authority, the form and manner in which the accounts of the Authority are to be maintained and other matters of procedural or administrative nature.

2. Clause 34 of the Bill empowers the Authority to make regulations not inconsistent with the proposed legislation and the rules made thereunder for enabling the Authority to discharge its functions under the Bill.
